DETAILED ACTION

Allowable Subject Matter

1. Claims 18-35 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Referring to claims 18, 24, and 30, Miyoshi '703 teaches a method comprising: presenting, on the browser screen, a menu screen that includes a first print option and a second print option, wherein selecting the first print option directly stores the PDF file to a storage unit, and wherein selecting the second print option stores a Uniform Resource Locator (URL) address, which references the PDF file, to the storage unit; and printing PDF files from the storage unit by push printing stored PDF files and pull printing PDF files through use of stored URL addresses.

Miyoshi '703 fails to teach in response to detecting that a mouse pointer is positioned over the link, determining if the file is a Portable Document Format (PDF) file; in response to determining that the file is a PDF file, displaying a PDF indicator near the link on the browser screen; and presenting a menu screen in response to detecting a click of the PDF indicator.

3. It follows that claims 19-23, 25-29, and 31-35 are allowable for depending on an allowable base claim.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
